 **I + D**

 **WIDE RANGE OF PRODUCTS**

 **EXPORT**

Although most of the car washings are already made by both automatic and high pressure machines, there is still the traditional manual washing for a perfect finishing of the vehicle.

*Ibercompound* offers a range of innovative and high quality products, combined with the traditional washing allowing an effective and quality result, achieving not only the aesthetic effect, brightness and cleanliness, but protection and durability.

**Interior cleaning:**

Upholstery, carpets, plastics, ceilings, motors, smells / disinfection...

**Exterior cleaning:**

Bodywork, glasses, headlights, wheels, rims...
