

PROFESSIONAL PRODUCTS  
FOR VEHICLE WASHING AND INDUSTRIAL CLEANING

**SPECIALIZATION**  
We are backed by more than 40 years collaborating with the most outstanding companies both nationally and internationally, with the main manufacturers of washing equipment, oil companies, vehicle manufacturers, etc. We are a European leader in the vehicle washing sector, with a wide range of products adapted to all kind of washing processes, machinery, quality, prices and to our customers' requirements.

**ENVIRONMENTAL PROTECTION AND TO PEOPLE**  
*Ibercompound* has made a firm commitment to the future in the development of new products, formulating more efficient, innovative and less polluting products. We are an **ISO 14001** and **EMAS** certified company.

**R+D Department**  
We are in continuous development and we are pioneers in the automotive sector products. We are continuous improving our products, assuming the commitment to develop more innovative and effective products, and always oriented to the protection of the environment.

**QUALITY**  
All the products are subjected to strict quality controls to comply with the established specifications. We are a VDA and **ISO 9001** certified company.

**PROFESSIONALISM**  
The *Ibercompound* team guarantees the PROFESSIONALISM and SPECIALIZATION of our company focused on all the Vehicle Washing processes, always offering a PERSONALIZED ATTENTION, ASSISTANCE, SERVICE and COMMERCIAL TECHNICAL SUPPORT service.

**RANGE OF PRODUCTS**  
**Liquids:** Wide range of products adapted to all the washing processes, machinery, quality, prices, and requirements of our clients and legislation.

**Powder:** We are the world's leading manufacturer specialised in the manufacture of Powder Detergents for High Pressure Wash Centers.

**EXPORT**  
Our expansion plan started in recent years has allowed us to become one of the leaders in the international level, as a result of our professional work and our specialization in the vehicle washing.

**VDA Certificate**  
*Ibercompound* has obtained the VDA certificate that establishes the quality standards in benefit of the German car manufacturers and providers.

Below we detail the main recommended products of our wide range of products for the different washing sectors.
